

Out of the Box Q&A!

These questions are designed to help your pupil to think and reflect on aspects of driving that extend beyond simply control of the car and following procedures.

The contents of this pdf are copyright and may not be used or shared other than with pupils on driving lessons. If you want to share with other instructors please share the link <https://adininja.com/out-of-the-box-qa/>

Over 500 Q&A questions are available in our booklet available at adininja.com

You've recently passed your test and are going on a short holiday in the UK with 4 friends. You are the driver. What things would you/should you be aware of?
(Hints – planning the route, fuel etc, +distractions from friends, overloading the car/rear visibility)

What do you think would happen if we didn't have speed limits? Can you think of both positives and negatives?

What do you think would be the effect if road markings didn't exist? Do you think people would drive more, or less carefully?

Imagine in 30 years' time, all cars are "driverless". Do you think this would be a good thing or bad thing and why?

What do you think the maximum speed on a motorway should be and why?

A friend of yours claims to be a "good" driver? What do you think that means?
(Hints – is "good" about Skills? Attitude? Or something else?)
